

Homework 2021-22

You will be aware that it is school policy for children to receive a homework timetable. The tasks may take many forms, but to help the children organise themselves, we have drawn up a two-week timetable, which covers Maths and English regularly for year 5 and 6. In addition to this there will be some Humanities and SSE projects throughout the term to encourage our Creative Thinker Superhero skills and our Fruit of Faith of Inquisitiveness.

In Year 7 and 8 there will be additional homework including Science and French. Also, in this key stage Humanities and SSE will be set every fortnight. We also expect children to read on a regular basis, for at least 20-30 minutes per evening, and spend time practising their mathematical arithmetic skills and times tables.

Homework will be recorded on Epraise, which can be accessed at home via your child's account or your very own parent account. Please contact the school should you require help to access this feature. On completion of homework, we ask the pupils to mark this as 'done' on their Epraise accounts (via Classnotes). For each homework that is completed on time, your child will receive one point and your child's teacher will mark it as 'complete' via Epraise.

When homework is not being completed or is handed in late, your child will receive a demerit. If homework is not being completed on a regular basis you will be contacted by your child's subject teacher and/or tutor to discuss ways to help your child complete their homework such as attending homework club, which runs in school between 3.30-4.30 every day.
